

decra specifications

general description

If you are looking for traditional materials and finishes, more typically associated with theatre, conference centres and other 'interior' spaces, **decra** gives you just that.

With a seat and backrest manufactured from sturdy, high quality plywood, **decra** can be specified in a range of real wood veneers or upholstered in a range of interior fabrics.

decra can be supplied on telescopic or into fixed applications, and is available with the full range of integra armrests and accessories

Timber Veneers

- available in 3 standard finishes. Specials available on request.

Stained
Mahogany

Walnut

Birch

materials / finishes

- the seat side supports and return mechanisms are made from die-cast aluminum with durable polyester powder coat. Available in either satin black or matt silver.
- rail extrusion 6082 / 6063 T6 extruded aluminum.
- the support fabrications are polyester powder coated for indoor applications.

armrests

- rail mount option (folds automatically on telescopic)
- seat mounted option (folds automatically on telescopic)
- available with a full range of finish options: polymer, fabric and timber

cup holders

- front mounted fixed or flip-up

numbering

- seat numbers are fitted into holders which are screwed to the front of the seat
- row end identification.

environmental

- timbers are sourced sustainably
- component parts can be easily separated
- fully upholstered version, seat and back can be easily removed and re-covered
- upholstery pads can be replaced without the need to scrap other parts

product weights

- seat module 5kg ~ 7kg

fire resistance

- BS EN 1021-2: 1994 Ignition source: match flame equivalent (special request only)

seat return mechanisms

- the seat module has a fully enclosed spring return mechanism
- seat return is a 'soft tip' action
- ¾ seat return for ease of seat entry and maximum egress space

strength & stability

- certified to BS EN12727 2000 test level 4

other accessories

- LED aisle light
- Row end panel

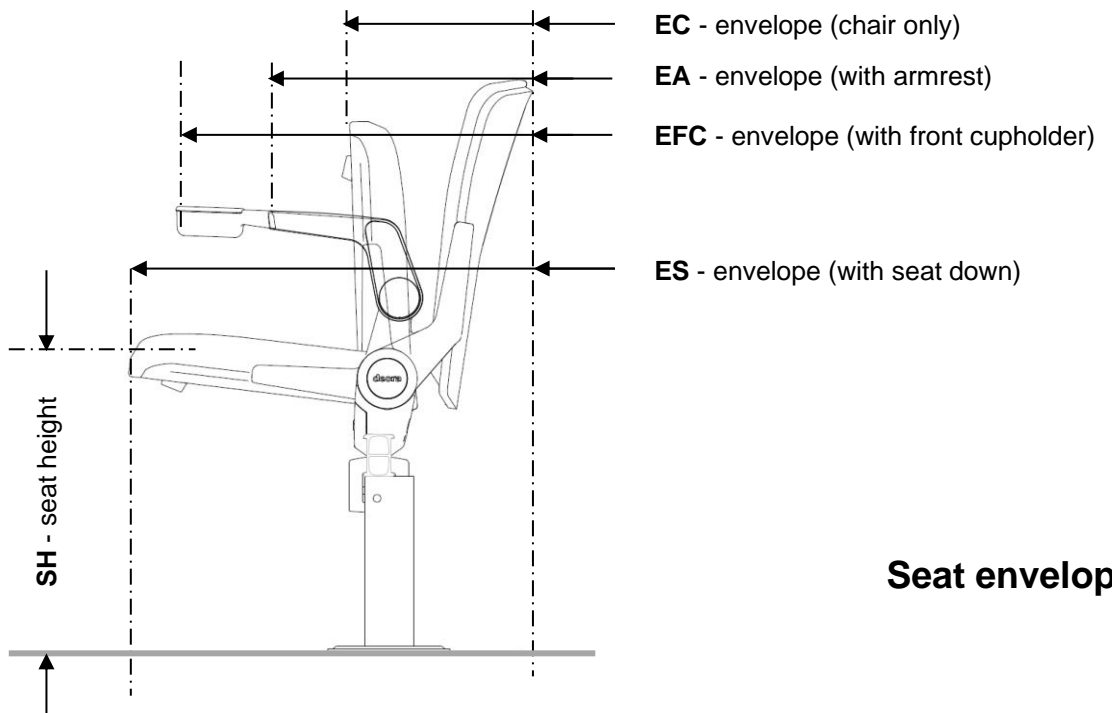

decra can be fitted with integrated armrests, or with the standard rail mount arm, or cupholder arm for infinite spacing on the rail. **scribe** tablet arms are available with all models of **decra**
